Official Address

Università degli studi "Roma Tre"

Dipartimento di Scienze
Viale G. Marconi 446
00146 Roma, Italia

HOW TO GET TO THE CONFERENCE SITE

Rome Metro Underground Train system has two lines, LINE A (orange) and LINE B (blue) and they both intersect at **Termini** railway central station. The Science Department, where the conference is taking place, is half way between two stations: [Basilica San Paolo](#) and [Marconi](#) (**LINE B - Direction Laurentina**), both suitable to reach the Department and at a short walk away (10 minutes) from it. In addition, from [Marconi](#) station, the Department can also be reached by bus (either number **170** or **791**).

Two international airports – Leonardo da Vinci (Fiumicino) and Ciampino – are connected to all major destinations in the world, especially in Europe.

FROM FIUMICINO - LEONARDO DA VINCI INTERNATIONAL AIRPORT

From Fiumicino International Airport there are different options to get both to Rome (city centre) and Roma Tre University. The fastest way is by train.

- **By train:** you can take the Leonardo Express to **Roma Termini** railway station (departures every 30 minutes / €14,00 one way / journey takes app. 30 minutes / no intermediate stops) or the FL1 regional train to **Roma Tiburtina/Monterotondo/Fara Sabina/Poggio Mirteto/Orte** (departures every 15 minutes / € 8,00 single ticket / journey takes approx. 30 minutes). If you are going directly to the University, you can take this train, get off at **Ostiense** railway station and take the underground **Line B (direction "Laurentina")** from the nearby metro station

Venues & Travel

Piramide, getting off either at [Basilica San Paolo](#) or [Marconi](#) stations. The Science Department of Roma Tre University is just a short walk away from **both metro stations**.

- **By coach:** there are different bus companies operating to/from Rome/Fiumicino int. airport. The journey takes one hour; visit the two main companies' websites for more information: [Terravision](#) - [Sit Bus Shuttle](#)
- **By taxi:** € 48,00 (fixed fare, including luggage) from the airport to anywhere in the city centre. Roma Tre University has different branches around the city, so make sure you **specify Viale Marconi** when you state your destination. Do not trust 'private' taxi drivers approaching you. Licensed taxis are white and carry a yellow and red ribbon on both sides, plus a sign with the emblem of the city (SPQR) and the car matriculation number on the front doors. Tips are not compulsory, but you can round up the fare.

FROM CIAMPINO INTERNATIONAL AIRPORT

There is no train service from Ciampino International Airport to Rome. The fastest way is by coach.

- **By coach:** there are different bus companies operating to/from Rome/Ciampino int. airport. The journey takes approx. 40 minutes; Visit the two main companies' websites for more information: [Terravision](#) - [Sit Bus Shuttle](#)
- **By taxi:** € 30,00 (fixed fare, including luggage) from the airport to anywhere in the city centre. Roma Tre University has different branches around the city, so make sure you **specify Viale Marconi** when you state your destination. Do not trust 'private' taxi drivers approaching you. Licensed taxis are white and carry a yellow and red ribbon on both sides, plus a sign with the emblem of the city (SPQR) and the car matriculation number on the front doors. Tips are not compulsory, but you can round up the fare.

FROM TERMINI RAILWAY STATION TO THE CONFERENCE SITE

- **By metro: LINE B (blue) direction Laurentina**, get off at either [Basilica San Paolo](#) or [Marconi](#) stations (see introduction "HOW TO GET TO THE CONFERENCE SITE").
- **By coach:** Many buses also depart from *Termini Station*. At **Piazza dei Cinquecento** take bus n. **170** (it is reasonably frequent, 10 minutes or less) to the stop **Marconi-Bortolotti** just in front of the Science Department. Travel time depends on traffic, it takes 30 minutes in the early morning and up to 50 minutes at rush hours.

IMPORTANT!

Details about tickets and fares for public transportation (metro and bus) can be found [here](#).
